

IN THE SPECIFICATION

Please cancel the entire specification of the subject U.S. patent application, as filed, including the List of Reference Characters, as constituted by the verified translation of PCT/EP2005/050138, in favor of the concurrently submitted Substitute Specification. That substitute specification is the result of the entry into the verified translation of a cross-reference to related applications and of suitable section headings, the deletion of the List of Reference Characters, and of references to the claims, the correction of minor errors in phrasing, grammar and punctuation, and a general revision of the verified translation, to place the substitute specification more in a form in accordance with U.S. practice. These various changes and corrections do not constitute any new matter. A marked-up version of the verified translation, showing the changes made thereto, to arrive at the substitute specification, is submitted for the Examiner's review.
